Bad business writing is a setback that an overwhelming percentage of professionals don't amend. Many overestimate their writing abilities or, worse, they underestimate the importance of polished writing.

Most people have discredited the contents of an email thanks to a few obvious mistakes. Don't let 'their', 'there', and 'they're' hold you back.

Business Writing Skills is an online training course that teaches you the fundamentals of how to write intelligent communications for email, reports, job ads, memos, and more. You can complete the course in your own time at work or at home (and even on the go) and use the knowledge you gain to improve the accuracy, clarity, and polish of all your professional writing.
