The Social Media Marketing course has been designed for businesses who are looking to establish, or improve, their online marketing presence on social media networks. The course can be beneficial for any type and any size of business. The course will also be beneficial for anyone who would like to learn more about social media marketing, and the ways to generate a good online presence, generally.

This course will develop an awareness of social media platforms and uses generally, before offering a detailed explanation about how these platforms can be used for marketing purposes. It explains the benefits of using social media for marketing, how to market on social media, and what you should include. The course also details what you must include on your social media pages, such as privacy policies, to ensure you are adhering to advertising standards.

Module One: What Is Social Media Marketing?

This module offers an introduction to the course and what social media marketing is. It then explains the benefits that social media marketing can have on your business.

- What is social media marketing?
- Social media platforms
